President's Letter

Dear ISMA Members,

Fall is my favorite time of the year! I love the cooler weather, the changing leaves, wearing sweatshirts and eating soups. I'm not a fan of pumpkin anything so those of you who are you can have my share.

To avoid sitting again for the AAMA certification exam, you may attend the education offered by ISMA, your own or any other chapter offering work-shops to obtain CEU's. You only need twelve units every year to complete your recertification, as we need 60 (sixty) CEU's every five years.

September 13-17, 2026, we enjoyed attending the 2026 AAMA Annual Conference at the Grand Sierra Resort and Casino in Reno, Nevada. A good time was enjoyed by all! At our next ISMA Meeting the delegates will be sharing their reports so join us to learn more about it.

Our next ISMA meeting will be Saturday November 14, 2026, at IU North 11700 N. Meridian St. Entrance B, Carmel IN 46032. Lunch starts at 11:00 AM (Bring a soup, salad, side dish or dessert), 2 CEU's are available for the education; which starts at Noon and the business meeting begins 15 minutes after the education ends. Please, plan to be with us for all parts of the day. Your participation is needed to guide the future of ISMA. ISMA will have a raffle basket extravaganza on Saturday November 14, 2026, "Souper Saturday". The baskets will be featured on the Indiana Society website at insocmedasst.org also on our Facebook page Indiana Society of Medical Assistants and in this issue. There will be a photo of each basket, a list of what the basket contains and the donor's charity choice with a description of the charity. The basket with the most tickets sold will be the winner with half of the raffle profits being donated to the sponsor's charity, so be prepared to spend to help pick the winner.

This is your organization, so get involved and bring a friend with you.

Knowledge is a garden. If it isn't cultivated, you can't harvest it.

AAMA BOARD OF TRUSTEES REPORT
For the Indiana Society of Medical Assistants
September 2026

The AAMA Board of Trustees met during the 2026 70th Anniversary Conference at the Grand Sierra Resort Casino in Reno Nevada September 7 and 10, 2026. Conference attendees experienced many changes from previous conferences. There was a new more relaxed and informative format for the BOT open session meeting which encouraged member participation. The conference schedule allowed for increased networking opportunities, time between workshops and interaction with board members. All conference attendees were sent links for 6 CEU sessions in addition to the onsite education opportunities.

Congratulations to the AAMA 2026 Rising Star Tabitha Terry, CMA (AAMA) from the East Central District Chapter and Excel Award Winner ISMA Website Manager Pam Neu, CMA (AAMA). Also it was interesting to note that every team in the final Knowledge Bowl had a member of ISMA as a participant.

During the House of Delegates all proposed bylaw amendments were adopted and nominees for office elected. The 2026-2027 Board of Trustees are Immediate Past President Virginia Thomas, President Sherry Bogar, CMA (AAMA), Vice President Jane Seelig, CMA-A (AAMA), Secretary Shirley Sawyer, CMA (AAMA), Speaker of the House Aimee Quinn, CMA (AAMA), Vice Speaker of the House Cameron Smith, CMA (AAMA), Trustees Erica Arends, CMA (AAMA), Rachel Ozburn, CMA (AAMA), Terri Slinker, CMA (AAMA), Christa Smith, CMA (AAMA), Jeanette Tyler, CMA (AAMA), Sandra Williams, CMA (AAMA). Retiring Trustees Candy Miller, CMA (AAMA) and Pam Neu, CMA (AAMA) are continuing their contributions to AAMA as committee members.

The next meeting of the BOT will be a planning session with the CEB and CB October 17-19 at the site of the 2027 Annual Conference in Kansas City Missouri, the Sheraton Kansas City Hotel at Crown Center. This promises to be a very productive collaboration for strategic planning by all the board members and committee chairs.

Thank you for your continued encouragement and support. Please contact me should you need assistance or information about your AAMA membership. This promises to be a year filled with progressive changes. Mark your calendar to attend the next AAMA conference in Kansas City.

They even looked up my unit in Largo, Florida and showed Rosie on the front steps and flower bed. I noticed my flowers had died and desperately need replaced. I believe she has been with Joyce Edds to be returned and sent to East Central district. She has really been seeing the sites. Follow Rosie on the website!

Raffle Basket – Souper Saturday Nov. 14, 2026 –

All Districts will bring a basket. Half of the proceeds of the basket that earns the most tickets will go to the charity of choice of that district.

Delegates Packets –

Past President Schubert read each proposed Bylaw Amendment change. Discussion was made with the membership in attendance after each amendment and a vote was taken on how the delegates should vote at the national conference.

Proposed Bylaws Amendment 26-01

Article IV: Constituent Societies, SECTION 2

Fiscal impact: None

Current Wording:

SECTION 2. When applying for affiliation a society shall submit five copies of its Bylaws to the Chair of the Board of Trustees.

Proposed Wording:

SECTION 2: When applying for affiliation, a society shall ***email one copy of its Bylaws to the AAMA Executive Office.***

Rationale: Multiple copies are not needed, as one copy is emailed to the AAMA Executive Office and will be distributed to the Bylaws Chair. Email is often better than regular mail because it is faster, more cost-effective and more convenient. Additionally, email supports quicker responses and more efficient communication for organizations and members alike.

*The ISMA membership in attendance voted to ***pass*** this amendment.

Proposed Bylaws Amendment 26-02

Article IV: Constituent Societies, SECTION 7

Fiscal impact: None

Current Wording:

SECTION 7. Constituent Society Bylaws must be in strict conformity with the mandated sections of the AAMA Bylaws: Name and Affiliation, Purpose, Organizational Policy, Membership, Dues, Reciprocity of Membership, Delegates/Alternates representation to the House of Delegates, Dissolution.

It will be the responsibility of the AAMA to notify Constituent Societies of any changes in those mandated Bylaws. It will be the responsibility of the Constituent Societies to make the mandated changes with copies of revised Bylaws returned to the AAMA within 30 days of notification. Any action taken by a State Society that is inconsistent with such mandated language shall be immediately null and void and of no effect.

Constituent Societies not in conformity with the mandated sections of the AAMA Bylaws 30 days prior to the opening of the AAMA House of Delegates shall not be allowed Delegate representation at the AAMA House of Delegates. Constituent Societies not in conformity with the mandates sections of the AAMA Bylaws shall be notified of the nonconformity 90 days prior to the opening of the House of Delegates.

Notification of the potential loss of Delegate representation shall be sent to the State Society's President, President-Elect, and Secretary-Treasurer (certified mail, return receipt requested).

ISMA Physician Conference in Noblesville, September 25-27, 2026 – Sponsorship

The Conference is located in the Hamilton Town Center at the Embassy Suites. It has been recommended to go with the Gold level which is \$2,000. It has several benefits including an exhibit table in the registration hall, and access to the list of registrants, meaning that we would have names and business addresses of all those attending, which is approximately about 250 ISMA members. Kit Stine, Paula Schubert and possibly Teresa Hallmen will be attending this event.

Bippus State Bank Report - The ISMA Certificate of Deposit will mature on August 25, 2026. The balance as of July 31, 2026, is \$38,702.84. The current interest rate is 3.687%. The new 6-month CD Special offers an APY rate of 4.05%. Since it is time to make a required transaction within a six-month period for the money market account, it is recommended that \$20,000 be transferred from the IMMA account along with the current CD balance into the new CD. That will allow a balance in the IMMA of approximately \$48,042.04. The current interest rate for the IMMA is 1.24%.

As you can see the CD earnings are approximately three times the IMMA earnings. The disadvantage of placing most of the money into the CD account is that there is an early withdrawal penalty if monies are needed prior to the maturity date.

Rita recommended that we transfer \$20,000 from the IMMA account over to the CD and then renew it for another 6 months. It has been approved.

HOSA Conference –

HOSA is Healthcare Organization Student Association. They help to train the students to be in a medical profession. It will be held on October 16th at the Indiana Convention Center. The cost is \$200 for a table. They are asking if anyone would like to speak at one for their sessions. Kit and Teresa are willing to go, and Teresa is willing to speak at one of their sessions. Kit Stine, CMA (AAMA) “I would recommend that we cover the table for \$200, and then also the expense of parking and lunch for whoever is attending.” Jane Seelig, CMA-A (AAMA) “I move that we set a participation budget amount of \$400 for the HOSA event to cover the registration, food, and parking for at least two members.” Teresa Hallmen, CMA (AAMA) second it. It has been approved.

Rita's Rules...as Parliamentary Advisor

The following guide is intended to help local presidents refresh their skills in running successful meetings. Additionally, it is recommended that all members familiarize themselves with these materials if they are interested in running for office in the future.

Common Parliamentary Myths and Misconceptions

Review the following statements to see if you believe they are true or false.

1. **TRUE** **FALSE** The parliamentarian may not vote, make motions, or participate in discussions.
2. **TRUE** **FALSE** The president appoints members to all committees including the nominating committee.
3. **TRUE** **FALSE** Bylaws may be amended at any executive board meeting by a unanimous vote.
4. **TRUE** **FALSE** A treasurer's report is adopted by a majority vote.
5. **TRUE** **FALSE** A majority vote is defined as "one more than half the number of votes cast."

How did you fare?

Find the answers and references listed below.

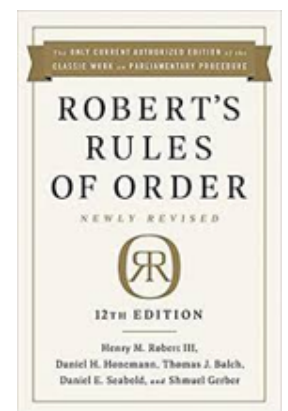

1. True. Under Robert's Rules Newly Revised, 12th Edition, section 47.55, a parliamentarian is expected to remain impartial, so they don't make motions, they don't debate, and also don't vote. Except they may vote in a ballot vote.

2. False. The nominating committee is normally elected by the assembly, not appointed by the president. RONR, 12th edition, section 50.11.

3. False. Bylaws are typically amended by the society's assembly through the proper procedure. Not just by a unanimous vote of the executive board. RONR, 12th edition, section 57.2.

4. False. A treasurer's report is not adopted by a majority vote. Typically, it's simply received and filed for audit. RONR, 12th edition, section 48.

5. True. A majority is more than half of the votes cast. RONR, 12th edition, section 44.1.

BEYOND THE EXAM ROOM: MEDICAL ASSISTANTS LEADING PATIENTS THROUGH THE HEALTHCARE SYSTEM

NATASHA EVANS BA, CMA (AAMA)
IVY TECH COMMUNITY COLLEGE-
HAMILTON COUNTY

Healthcare delivery continues to evolve as organizations seek better ways to improve outcomes, enhance patient experiences, and reduce costs. One of the most successful approaches to achieving these goals today is the Patient-Centered Medical Home (PCMH) model. Built on collaboration, communication, and comprehensive care, the PCMH places patients at the center of the healthcare experience while leveraging the expertise of an interdisciplinary care team (Agency for Healthcare Research and Quality [AHRQ], 2022). Among the key contributors to this model are medical assistants, whose diverse skills help ensure coordinated, efficient, and patient-focused care.

UNDERSTANDING THE PATIENT-CENTERED MEDICAL HOME

Despite its name, a Patient-Centered Medical Home is not a physical location. Instead, it is a model of primary care designed to organize healthcare services around the needs of the patient (AHRQ, 2022). In a PCMH, a healthcare practice assumes responsibility for coordinating nearly all aspects of a patient's care, including preventive services, chronic disease management, acute illnesses, and behavioral health concerns (AHRQ, 2022).

THE ESSENTIAL ROLE OF MEDICAL ASSISTANTS IN THE PCMH

Medical assistants are often the first and most consistent point of contact for patients within a healthcare practice. Their ability to build relationships, coordinate care activities, and support clinical operations makes them indispensable members of the Patient-Centered Medical Home team.

SUPPORTING PATIENT ENGAGEMENT AND EDUCATION

Patient engagement is central to the PCMH philosophy, and medical assistants play a critical role in helping patients become active participants in their care. MAs provide education about health conditions, review treatment plans, reinforce medication instructions, and encourage healthy lifestyle choices. By helping patients understand their health conditions and treatment recommendations, medical assistants promote self-management and patient empowerment (AHRQ, 2022).

Whether discussing preventive screenings, chronic disease management strategies, or self-care techniques, medical assistants help patients better understand their health and the steps necessary to achieve positive outcomes. Their supportive interactions foster trust and encourage patient participation in the healthcare process.

FACILITATING CARE COORDINATION

Care coordination is one of the most important functions within a PCMH, and medical assistants are often at the center of these efforts. They assist with scheduling referrals, arranging follow-up appointments, obtaining records from specialists, and ensuring that important health information is accurately documented in the electronic health record (EHR).

By helping maintain clear communication among providers and healthcare settings, medical assistants contribute to smoother transitions and less gaps in patient care (AHRQ, 2022).

BRIDGING THE GAP BETWEEN PATIENTS AND PROVIDERS

The success of the Patient-Centered Medical Home depends on teamwork, communication, and a shared commitment to patient-centered care. Medical assistants serve as a vital link between patients and the broader healthcare team, helping individuals navigate the healthcare system while ensuring that clinical and administrative processes run smoothly.

As healthcare continues to move toward integrated, value-based models of care, the role of the medical assistant has expanded beyond traditional administrative and clinical duties. Today's medical assistants are educators, coordinators, advocates, and quality-improvement partners who contribute significantly to improved patient outcomes and satisfaction.

LOOKING AHEAD

The Patient-Centered Medical Home represents a powerful approach to delivering comprehensive, coordinated, and accessible healthcare. By placing patients at the center of care and emphasizing collaboration among healthcare professionals, the PCMH model helps create better experiences for both patients and providers (AHRQ, 2022).

Medical assistants are essential to achieving these goals. Through patient education, care coordination, clinical support, technology management, and quality improvement efforts, they help bring the principles of patient-centered care to life every day. As the healthcare landscape continues to evolve, the contributions of medical assistants within the PCMH model will remain critical to building healthier communities and delivering exceptional patient care.
